This bill removes potential impediments to construction of Accessory Dwelling Units (ADUs) in three ways: limits the criteria by which local jurisdictions can limit where ADUs are permitted; clarifies that ADUs must be ministerially approved if constructed in existing garages; and eliminates for five years the potential for local agencies to place owner-occupancy requirements on the units.

AB-684 (Levine) - Building standards: electric vehicle charging infrastructure.

Status: Vetoed on October 12, 2019

Governor's Veto Message:

To the Members of the California State Assembly:

I am returning Assembly Bill 684 without my signature.

This bill would require the Building Standards Commission and the Department of Housing and Community Development to propose mandatory building standards for the installation of electric vehicle (EV) charging infrastructure for existing multifamily dwellings and nonresidential developments.

I agree with the intent of this bill to increase inclusive access to EV charging technology for Californians living in multifamily housing, which is necessary to increase the number of zero emission vehicles on the road.

However, I believe this issue is best addressed administratively in order to balance our charging infrastructure objectives with our efforts to expand affordable housing. Therefore, I am directing the Department of Housing and Community Development to develop and propose a building standard that would increase the availability of EV charging infrastructure at existing multifamily properties, while limiting costs for affordable housing.

California can combat climate change while addressing our housing crisis. We must advance strategies to achieve both goals.

Sincerely,

Gavin Newsom

This bill makes any covenant, restriction, or condition contained in any deed, contract, security instrument, or other instrument affecting the transfer or sale of any interest in a planned development instrument and provision in a governing document or an amendment to a governing document of a common interest development that either effectively prohibits or unreasonably restricts the installation of an accessory dwelling unit (ADU) or junior accessory dwelling unit (JADU) in a single-family, planned development void and unenforceable. Allows for “reasonable restrictions” on ADUs and JADUs.

Governor's Veto Message:

To the Members of the California State Assembly:

I am returning Assembly Bill 344 without my signature.

This bill establishes the New Beginning California Program within the Department of Community Services

and Development, which would provide a maximum of 50 grants annually to award matching funds of up to \$50,000 to cities, counties, and local continuum of care programs to implement or expand employment programs for homeless individuals.

While the intent of this measure is laudable, it creates General Fund cost pressures and should be considered in the annual budget process. Moreover, the 2019 Budget Act includes \$650 million for local jurisdictions to combat homelessness, of which employment programs are an eligible use.

Sincerely,

Gavin Newsom

Status: Vetoed on October 13, 2019

Governor's Veto Message:

To the Members of the California State Assembly:

I am returning Assembly Bill 1702 without my signature.

This bill requires the Homeless Coordinating and Financing Council to report to the Legislature on or before January 1, 2022, recommendations for statutory changes to streamline the delivery of services and enhance the effectiveness of homeless programs in the state.

The Homeless Coordinating and Financing Council is already in the process of developing a State Strategic Action Plan that will provide a blueprint for how state agencies and departments should align and prioritize their programs and resources, and how the state can support and complement regional solutions to homelessness. I fully support exploring opportunities to streamline service delivery and enhance the effectiveness of our state homeless programs, but these ideas should be incorporated into this plan rather than a separate report. Moreover, the development of the report will incur costs to the General Fund that were not included in the Budget Act.

Sincerely,

Gavin Newsom

Status: Vetoed on October 13, 2019

To the Members of the California State Senate:

I am returning Senate Bill 5 without my signature.

This bill would establish the Affordable Housing and Community Development Investment Program through which local agencies may redirect property tax revenue for schools to fund affordable housing and related infrastructure.

California is in a housing crisis, and I have consistently maintained we need to use all the tools in our toolbox to address it. However, this bill would increase costs by \$2 billion annually once fully implemented. Legislation with such a significant fiscal impact needs to be part of budget deliberations so that it can be considered in light of other priorities.

I will continue to work collaboratively with the Legislature next year to continue to support increased housing production at all income levels across our state.

Sincerely,

Gavin Newsom

Status: Vetoed on October 12, 2019

Governor's Veto Message:

To the Members of the California State Senate:

I am returning the following bills without my signature:

AB 1382

SB 611

These bills create an aging housing task force and a master plan for aging that focuses on workforce priorities, and require the state to consider applying to join a voluntary network.

Earlier this year, I issued Executive Order N-14-19, which directs the Secretary of the Health and Human Services Agency to work with a broad array of stakeholders, including the Legislature, to develop a Master Plan for Aging to serve as a blueprint that can be used by state government, local communities, private organizations and philanthropy to build environments that promote healthy aging. Issues relating to workforce and affordable housing needs, as well as opportunities to engage with other jurisdictions, will be considered as part of this holistic approach to addressing the needs of older Californians.

When the Master Plan is completed, I look forward to working with the Legislature to evaluate and implement its recommendations.

Sincerely,

Gavin Newsom

Redevelopment

AB-11 (Chiu) - Community Redevelopment Law of 2019.

This bill would authorize a city or county to create affordable housing and infrastructure agency subject to approval by the Strategic Growth Council.

Status: Pending in Assembly Committee on Appropriations

AB-1084 (Mayes) - Redevelopment: housing successor: Low and Moderate Income Housing Asset Fund.

This bill would have allowed a housing successor that owns and operates a housing asset of a former redevelopment agency) to retain “excess surplus” accumulated over eight years rather than four years without triggering the requirement to encumber the funds or transfer the funds to the Department of Housing and Community Development within three years.

Status: Vetoed on October 12, 2019

Governor's Veto Message:

To the Members of the California State Assembly:

I am returning Assembly Bill 1084 without my signature.

This bill extends the period of time that certain housing successor agencies of former redevelopment agencies can retain "excess surplus" funds from four years to eight years.

California is experiencing a housing crisis because of decades of underproduction. This is due, in part, to jurisdictions with former redevelopment agencies that did not use the funds to develop mixed-income housing as required. This bill sets a precedent to extend the retention of excess surplus funds for additional jurisdictions, including those that did not meet their affordable housing obligations. It also increases costs outside of the budget process. For these reasons, I cannot support this bill.

Sincerely,

Gavin Newsom

AB-1437 (Chen) - Local government: redevelopment: revenues from property tax override rates.

This bill would have allowed a portion of property taxes to be paid out of the Redevelopment Property Tax Trust Fund to pay voter approved taxes for a mobile intensive care program called "Paramedics."

Status: Vetoed on October 13, 2019

Governor's Veto Message:

To the Members of the California State Assembly:

I am returning Assembly Bill 1437 without my signature.

This bill allows a portion of property taxes in the City of Brea to be paid out of the Redevelopment Property Tax Trust Fund to pay for a voter-approved paramedic program.

The dissolution of redevelopment agencies (RDAs) in 2011 has returned substantial property tax revenues to cities, counties and special districts to support core services. This bill would increase General Fund costs outside of the budget process. Further, it is important to note that when existing obligations are paid off, all of the paramedic tax will revert to the City.

For these reasons, I cannot sign this bill.

Sincerely,

Gavin Newsom

AB-1732 (Flora) - Redevelopment: successor agencies: asset disposal: City of Manteca.

This bill would have authorized the successor agency to Manteca's former redevelopment agency to sell property at less than market value to a nonprofit organization.

Status: Vetoed on October 12, 2019

Governor's Veto Message:

To the Members of the California State Assembly:

I am returning Assembly Bill 1732 without my signature.

This bill allows the successor agency to the former redevelopment agency in the City of Manteca to sell a specified property for less than fair market value if the property is sold to a nonprofit that will provide resources to individuals experiencing homelessness.

Combatting the homeless crisis requires coordination at all levels of government as well as with nonprofits and the private sector. The state has stepped up with a historic \$1 billion investment in the budget and a suite of tools to make it easier for local governments to build emergency shelters and supportive housing. While I am supportive of additional local tools to address homelessness, this bill

provides for an increase in state costs and reduction in local revenues outside the budget process.

Sincerely,

Gavin Newsom

SB-532 (Portantino) - Redevelopment: City of Glendale: bond proceeds: affordable housing.

This bill would have authorized the City of Glendale to use remaining redevelopment agency (RDA) bond proceeds for predevelopment, development, acquisition, rehabilitation, and preservation of affordable housing.

Status: Vetoed on October 13, 2019

Governor's Veto Message:

Governor's veto message: To the Members of the California State Senate:

I am returning the following bills without my signature:

AB 411

SB 532

These bills authorize certain cities' redevelopment successor agencies to spend stranded bond assets on affordable housing rather than repaying and cancelling the bonds as required under current law.

The bills will result in a General Fund cost of millions of dollars.

While I appreciate the intent of the Legislature to increase the production of affordable housing, I do not support the proposed exemptions to redevelopment agency dissolution requirements, which will which will reduce funding available for education.

Sincerely,

Gavin Newsom

Tenants - Rent Control

AB-36 (Bloom) - Residential tenancies: rent control.

This bill would make changes to the Costa Hawkins Act (the Act) to authorize an owner of residential real property to establish the initial and all subsequent rental rates for a dwelling or unit that has been issued its first certificate of occupancy within 20 years of the date upon which the owner seeks to establish the initial or subsequent rental rate, or for a dwelling or unit that is alienable separate from the title to any other dwelling unit or is a subdivided interest in a subdivision and the owner is a natural person who owns 10 or fewer residential units within the same jurisdiction as the dwelling or unit for which the owner seeks to establish the initial or subsequent rental rate, subject to certain exceptions.

Status: Chapter 596, Statutes of 2019

AB-1482 (Chiu) - Tenancy: rent caps.

This bill limits rent-gouging in California by placing an upper limit on annual rent increases: 5 percent plus inflation. To prevent landlords from engaging in rent-gouging

by evicting tenants, this bill also requires that a landlord have and state a just cause, as specified, in order to evict tenants who have occupied the premises for a year. Both the rent cap and the just cause provisions are subject to exemptions including, among others: housing built in the past 15 years, single family residences unless owned by a real estate trust or a corporation. This bill sunsets after ten years and does not preempt any local rent control or just cause ordinances.

Status: Chapter 597, Statutes of 2019

This bill deletes the sunset date on the requirement to provide a tenant 90 days' written notice in the case of a foreclosure.
